**Re: Notice of Consummation – STB Docket No. AB-33 (Sub. No. 205X),  
Union Pacific Railroad Company – Abandonment Exemption – in  
Sutter County, California (Yuba City Industrial Lead)**

Dear Mr. Williams:

This is to advise that as of August 1, 2006, the Union Pacific Railroad Company, ("UP") with regard to the subject Abandonment Exemption has consummated the abandonment of the Yuba City Industrial Lead from Milepost 136.38 near Marysville, California to MP 139.77 near Colusa Junction, California, pursuant to authority granted in the Surface Transportation Board's ("Board's") Decisions served May 10, 2004 and August 5, 2004.

All of the conditions imposed by the Board have been complied with by UP. As permitted, the track, ties and signal equipment were removed after consultation with the U. S. Department of Commerce, National Geodetic Survey to prevent any disturbance of any geodetic station marker. No archaeological sites were discovered during salvage activities so UP did not at any time have to cease all salvage activities and notify and consult with SEA, interested Federally recognized tribes and the SHPO. The abandonment was subject to a public use condition, which expired on March 14, 2005. The abandonment was subject to a trail use condition which expired on July 27, 2006, and has not been renewed.

An additional ten (10) copies of this letter are enclosed for the Board's use and distribution.

Sincerely,

Mack H. Shumate  
Senior General Attorney
